SOUTH SEAS SPAS

HYDROTHERAPY
BENEFITS

FEATURES

Deluxe and Standard **South Seas Spas** are as dynamic in quality as they are in efficiency. These spas have aesthetic appeal and attractive features.

Each moment that you enjoy in a South Seas Spa, can improve your quality of life with hydrotherapy. This age-old form of healing and stress relief is based on three simple principles: heat, buoyancy and water movement (hydro-massage). **Hydrotherapy** is an unparalleled method of relieving stress and stress-related conditions, such as high blood pressure, headaches and chronic pain. It benefits every part of the body, including skeletal, respiratory, circulatory, neuromuscular and the digestive systems.

Choose from many **optional features** to enhance your spa such as a pillowfall, stereo and water purification systems like the Advanced Oxidation Process (AOP™) or the FROG® @ease™ with SmartChlor™ technology.

DELUXE CLASS

The most discriminating buyers choose South Seas Spas because of the aesthetic appeal and attractive features not found in other spas. Our Deluxe spas offer several features- the pillowfall, neck and shoulder jet massager and LED lighting. By choosing other options such as a stereo system or rail lighting, you can make this spa your own private getaway.

STANDARD CLASS

Whether you choose a Standard or Deluxe South Seas model, both are as committed to quality as they are to efficiency. Even the most basic package will let your stress melt away as you are massaged with warm water powered by stainless steel jets inside maintenance-free cabinetry. You can add a stereo system and mood soothing lights for a custom-made vacation spot in your own backyard retreat.

WATER PURIFICATION

An Advanced Oxidation Process (AOP) that combines the AquaNova™ comprised of UV-C sterilization and ozone generation, a filtration system to create purification for clean and clear spa water. Enhance your system with FROG® @ease™ with SmartChlor™.

ENHANCED WATER PURIFICATION WITH THE FROG® @EASE™ IN-LINE SYSTEM

This patented in-line system is a breakthrough in water care that combines Fresh Mineral Water™ with SmartChlor™ Technology to provide self-regulating, cleaner, clearer and softer spa water that's far easier to take care of.

⁺⁺Where Allowed by Law *Required for Spas in the States of CA & CT
The warranty printed in the booklet is for USA only. Please contact your local dealer for relevant warranty document in your region.

ROCK CABINETRY

Beautiful, long-lasting rock cabinetry adds years of maintenance-free life to your spa. Rock cabinets share all the same characteristics as Grandwood cabinets. They are durable and easy to clean. Matching steps are also available.

(Not available on the 519P and 627C, 627M)

Javastone

Sandstone

GRANDWOOD CABINETRY

From the realistic wood-like texture to the matte finish, it's no wonder these cabinets are called Grandwood.

They feature a tight grain pattern along with subtly varying shades of color. This subtle variance creates a more realistic look and feel of natural wood.
